KNOWSLEYFUTURES

Join one of our Community Conversations, a fun and social way to listen to and share stories about life in the pandemic in Knowsley. We'll discuss our experiences of pandemic life so far- the good, the bad, and the ugly- and how the community can build for the future. These events are part of the KnowsleyFutures project, led by the Young Foundation in partnership with Knowsley Council. If you have any questions, please email: liam.harney@youngfoundation.org
